The Circulation of The Bulletin

The Bulletin has the largest circulation of any paper in Eastern Connecticut and from three to four times larger than that of any in Norwich. It is delivered to over 5,000 of the 4,053 houses in Norwich and read by ninety-three per cent, of the people. In Windham it is delivered to over 900 houses, in Putnam and Danielson to over 1,100, and in all of these places it is considered the local daily. Eastern Connecticut has forty-

five postoffice districts, and sixty tural free delivery routes. The Bulletin is sold in every town and on all of he R. F. D. routes in Eastern Connecticut.

CIRCULATION 1901, average..... 4,412

TIME TO INSIST ON GOOD ROADS Nothing contributes to the welfare of a community more than convenient and comfortable lines of communication. In this respect Norwich is well favored when its railroads and electric system are considered but it suffers seriously in comparison with others when the highways of travel are considered.

Expression is given to this situation connection with Dollar Day when the merchants of the city endeavor to stimulate an increased interest in the the pan. rade opportunities which are here af-

that they should be up to the requirements inside the limits of the town as well as outside and here is a criticism from those who would use one with the upholding of the Monro of the important avenues leading into Doctrine and it will be refreshing if the city which goes right to the point. the time ever comes when the fut It is a bit of good advice which can be fully appreciated by those of Norwich who use this highway daily and who will agree with the critic.

It does need improvement and so do many others. Good roads should Buenos Aires is \$40 a ton, not only be built but they should be maintained. There are other things than bargains which attract and the we never get the delightful features merchants of Norwich should extend of the good old summer time. their cooperation to seeing that the main highways which radiate in all directions are kept in the pink and not the "punk" of condition. The all workingmen in this country, Putnam tip should be sufficient,

IN BEHALF OF THE MILITIAMEN. A special session of the Connecticut general assembly is an unusua thing. The occasions for it are few and far between but Governor Holcomb has done the proper thing in calling one for the second week in September in order to take up and extend the right of voting to the members of the state militin who are

cial session is required. Connecticut is not so flush with funds that it has money to devote to can expect increased business. extra sessions of the legislature when they are not needed or when it is possible to put matters over to a regular session, which in this case will occur but a few months later, but this is a case which does not admit of such delay. The men who are doing guard duty should not be disfran chised and it is incumbent upon the state to see that they are not even though they are temporarily outside its borders. The expense under such circumstances is entirely justified.

CAN LEARN FROM OTHERS

which has been established by the state of Georgia in regard to lynchings, and all the claims which have been made to the effect that such does not represent the sentiment of the better class of citizens in that commonwealth, the failure of the recent sestion of the state legislature to deal with this question by additional legislation aimed at some of the walk points which exist today, indicates that either it is in accord with public or public is the proper place for a man to the way goes on, are free trade to the was born and spent this void. etter class forms a weak minority and is able to do bttle in the way of improving conditions.

Whenever lynchings take place the cople of Georgia are not always re-

shown as much opposition to lynching as North Carolina bas.

THE REPUBLICAN CAUCUS. Tonight the republicans are called rpon to assemble in caucus for the irpose of electing delegates to the state, congressional, senatorial and probate conventions. It is not merea perfunctory service which they are asked to render but one of much mportance to the state, districts and party. It is even more for it is important to themselves that those who are selected as the candidates for the various offices all the way from congressman and governor to judge of probate should be men who are capale of the duties which will devolve pon them if elected, and men of udgment should be selected to see hat the best possible men are chosen. Thus it is necessary that the delegations should be made up of repreentative citizens who can be relied oon to give the proper attention to e interests of those who will be rep-

The caucus should not therefore by lighted. Even though it is but primary action, serious consideration should be given to it. It will be too ite to complain after the selections have been made that others should ave been chosen. It is entirely poscontest is often the bringer of much ood if properly conducted. Whether here is a contest or not there should e a large turnout of republicans. Inerest, however, should not be allowed o depend entirely upon such a fea-
